# After a 2 year hiatus, Burnout returned with a boom, bringing together:

- 60 volunteers
- 10 Art installations
- 26 DJs
- 75 fire spinners
- 9 live painters
- 700 beautiful participants

**To create a night that's hard to forget and even harder to remember.**

A vibrant laser light show in a dark space, likely a club or event venue. The scene is filled with a dense array of colorful laser beams in shades of blue, purple, red, and yellow, creating a complex geometric pattern of light. In the foreground, the silhouettes of a crowd of people are visible, looking towards the light display. The overall atmosphere is energetic and celebratory.

Thank you so much to everyone that came out and made BurnOut 2022 as amazing as it was.

We're looking forward to Co:Creating another amazing event in 2023 and are excited to announce that we will be offering an Art Grant Program to fund new Art Installations for Burnout and Beyond!

Projects that assist the SOAK community, at large, on site  
Examples: Porta Potty Project, which decorates the portos for All. Yellow bikes, which provides bikes for use at SOAK.

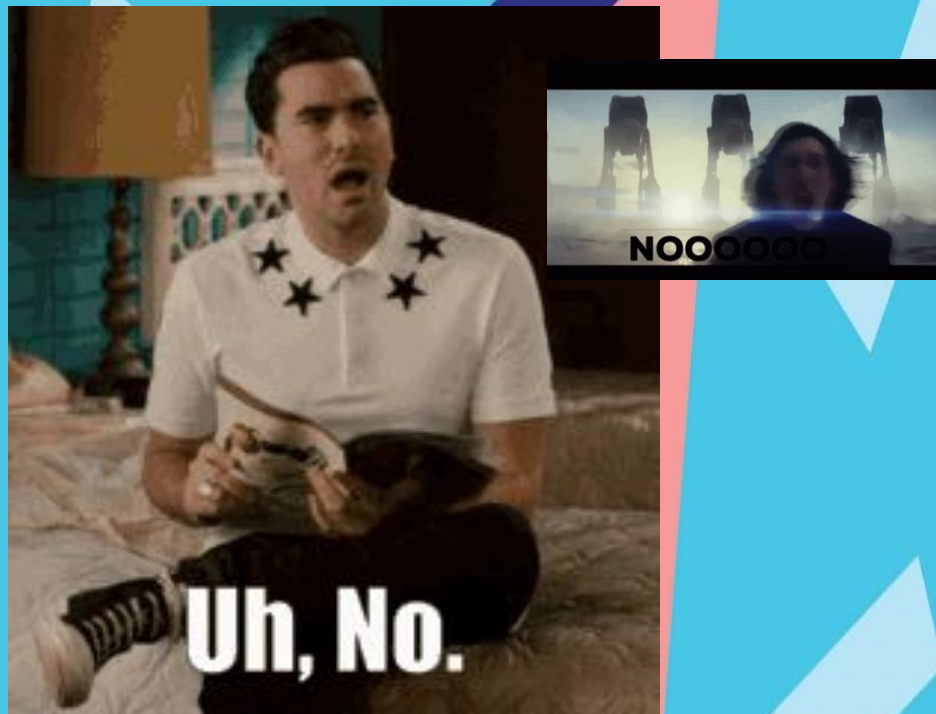

# What doesn't get funded

Theme Camp swag, events or things that primarily benefit a particular camp's members 🎪

Travel funds

Tickets 🎫

## 👏👏👏 Required for applying? 👏👏👏

- Civic Provisions are generally smaller grants, between \$50-\$250
- TAG, the volunteer Peer Review team, can challenge guidelines, on a case by case basis
- TAG appreciates **concise** details
- One proposal per camp

Application deadline 🔥 February 27, 11:59pm  
Incomplete applications will not be considered.

# Which Provision do I apply to?

**Camp example:** The Tectonic volcano, when placed with Tectonic the Theme Camp, is an aesthetic structure made by humyns that houses dancers, DJs, performance & fire poofs. The metal mountains support the camp's infrastructure, carry the camp's theme and, while the space is shared with Participants, it is generally a space that exists to house the camp's intent. The volcano is Art that directly relates to the camp. Tectonic is eligible for **Community Provisions**.

**Art example:** If the volcano itself was placed independently, without the theme camp nearby, TAG might consider it Independent Art. On it's own, the volcano is not supporting the camp or scheduled for 100%-ish camp use but instead, is standing tall, lookin' pretty, & could be shared with the community to house workshops, events, & whoever comes to play with the Art. In this way, the volcano could be eligible for **Artist Provisions**.

**\*Please note, the volcano is Art at all times. *It is eligible for Artist Provisions only when placed independently.***

Provisions **deadline** 🔥 February 27, 11:59pm

Incomplete applications will not be considered

# Precipitation Northwest Update

# Our Mission

Precipitation Northwest's mission is to **foster opportunities for participatory art, civic engagement, and leadership development.**

Our organization seeks to:

- Use the spirit and principles of Burning Man to build bridges between the Burner community and our fellow citizens of the Portland metro area
- Provide opportunities for skill building, arts education, & leadership development by offering participatory, decommodified, and interactive events

# What PNW Does

Precipitation Northwest is the sponsoring organization for SOAK, BurnOut, and Safety Northwest, as well as the leaseholder for the Burner Barn.

- “Manages the money”
- Provides organizational continuity between programs
- Files taxes and other official documents
- Protects the org’s assets (the community)
- Selects Producers to organize and run Events
- Optimizes current org operations
- Plans for the future
- Develops new programs with community input
- Manages technology
- Develops leadership
- Funds art

- After three long years, SOAK\*2022 finally happened, yay!
  - Thanks to 2022 SOAK Producers: OneEye, GoldDust, Rye
    - Thanks to Emeritus Producers HugBoss & Pablovex
  - Returned to the Justesen Ranch
- Also after a hiatus, the return of Burnout!
- Supporting new programs and activities
  - Social Impact Jam, Clothing Swaps, Solar Workshops, BWB events, and whatever great suggestions you may have
  - Email [programs@precipitationnw.org](mailto:programs@precipitationnw.org) to learn more!

# Site Search: A new home for SOAK\*2024 or beyond?

- At least 80 acres of usable event space
- Allows open burning/fire in May
- Relatively flat
- Access/exit road at least 20 ft. wide/13.5 ft tall
- Area for parking 1,000+ cars with 2 lane egress
- Limited sound/noise/visibility to community & neighbors
- Appropriately zoned for recreation, special events, fire
- Access for Emergency Services (Fire, Law Enforcement, Medical)
- Other requirements available upon request

Radical Inclusion means ensuring SOAK access can be available to those who would like to attend.

This involves finding a place where our event can slowly grow.
